Infrastructure Development in the Pacific Region Akira Kohsaka 2007-01-24 In the past, undersupply of public infrastructure was blamed for low productivity growth in the United States in the 1970s, while greater private sector participation was emphasized for infrastructure development in the Asia-Pacific region before the Asian Economic Crisis in the 1990s. This revealing book looks at the current economic situation and the state of infrastructure on both sides of the Pacific. Including contributions from leading authorities such as Satya Paul, Jim Storey, Tony Makin and Naoyuki Yoshino, this book closely investigates the experiences of Japan, Canada, the US, China, Korea and Australia.

European Territorial Cooperation Eduardo Medeiros 2018-03-31 This book fills an existing academic literature gap by providing a sound and synthetic analysis on the process of European Territorial Cooperation over the last 30 years. This follows from the support from the former EU INTERREG Community Initiative, since 1989, later transformed into the second main goal of EU Cohesion Policy, by 2007: European Territorial Cooperation - ECT. In order to present the ECT process in a more comprehensive manner, and to be the main literature reference regarding this process in the decades to come, this book is divided into four different sections and 12 chapters. The first section summarizes the main impacts and added-value from ETC experiences while proposing the elevation of the ETC goals within EU Cohesion Policies. The second section addresses the process of cross-border cooperation, and namely its impact in reducing border obstacles and supporting ever growing number of cross-border entities. The third section elaborates on the second most important ETC process (transnational cooperation) with a similar approach. Finally, a last section debates the future scenarios for this process in Europe.

Kyrgyz Republic International Monetary Fund 2011-12-14 The Kyrgyz Republic is emerging from a deep political crisis. In April 2010, a popular uprising toppled the previous regime and internal ethnic conflict in June 2010 exacerbated the already difficult political situation. The crisis has adversely affected economic activity and near-term growth prospects, straining the government's financial position, which has been worsened further by critical reconciliation, recovery, and reconstruction needs. Continued growth in Russia and Kazakhstan, combined with high gold prices, contributed to an expansion in remittances and gold exports by 33 percent and 74 percent, respectively. **Official Congressional Directory** U S Government Printing Office 2005-07-30 NOTE: NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT--OVERSTOCK SALE -- Significantly reduced list price while supplies last THE OFFICIAL CONGRESSIONAL DIRECTORY, 2005-2006: 109th Congress Author: U.S. Department of Congress The Official Congressional Directory 2005-2006: 109th Congress, published by the United States Congress, is the official source for making the right connections to Members of Congress, their key staff, and important contacts throughout the Federal Government.
