Terrorism: Documents of International and Local Control: 1st Series Index 2009 Douglas Lovelace 2009-08-27 Although each main-set volume of *Terrorism: 1st Series* contains its own volume-specific index, this comprehensive Index places all the Index info from the last fifty main-set volumes into one index volume. Furthermore, the volume-specific indexes are only subject indexes, whereas five different indexes appear within this one comprehensive index: the subject index, an index organized according to the title of the document, an index based on the name of the document's author, an index correlated to the document's year, and a subject-by-year index. This one all-encompassing Index thus provides users with multiple ways to conduct research into four years' worth of *Terrorism: 1st Series* volumes.

Export-oriented Development Strategies Vittorio Corbo 2019-03-08 This book originated with a conference that we held at Pontificia Universidad Católica de Chile in late 1981. When we organized the conference, our focus was to provide policymakers and entrepreneurs with a summary of the experiences and lessons of

countries that have pursued policies geared to export-led growth. After the conference we decided that the papers would be useful to a much wider audience and should be prepared for publication. The revised papers are contained in this volume.

Federal Efforts to Address the Threat of Bioterrorism Frank Gottron 2010-08 The federal government's efforts to address the perceived threat of bioterrorism span many different agencies and are organized and directed through several strategy and planning documents. These agencies have implemented numerous disparate actions and programs in their statutory areas to address the threat. Despite these efforts, many experts, including congressional commissions, non-governmental org., and industry rep., have highlighted weaknesses or flaws in the federal government's biodefense activities. Contents of this report: (1) Introduction; (2) Strategic Planning; (3) Risk Assessment; (4) Biosurveillance; (5) Medical Countermeasures: R&D; Procurement; (6) Conclusion.
