**Handbook of Ocean Container Transport**

**Logistics** Chung-Yee Lee 2014-12-13 This book is focused on the impact of ocean transport logistics on global supply chains. It is the first book solely dedicated to the topic, linking the interaction of parties along this chain, including shippers, terminal operators and line carriers. While ocean container transport logistics has been greatly studied, there are many important issues that have yet to receive the attention they deserve. The editors and contributing authors of Ocean Container Transport Logistics: Making Global Supply Chain Effective seek to address these topics and shed new light on the subject. The book is divided into three parts. Part I examines the innovation, trends, competition and business model of container terminal operations. In Part II, the book looks at how tactical and operational management is used in shipping liners. The chapters cover topics such as empty container repositioning, slow steaming, routing, network design and disruption management. Finally Part III explores at shippers and global

supply chain management, with chapters on transportation service procurement, hinterland transportation, green corridors, as well as competition and co-operation in maritime logistics operations. The eighteen chapters of the book all highlight the immediate effect of ocean transport logistics on global supply chain.

er zeker van dat het doorgestoken kaart is. Bosch wil eigenlijk niet werken voor de verdediging maar hij neemt de zaak toch aan. Hij wil zelf ook antwoorden hebben: als het Hallers cliënt niet was, wie dan wel? Geholpen door zijn voormalig collega Lucy Soto begint Harry te graven. Hij komt al snel uit binnen de politiemacht zelf. Maar de moordenaar op wie Harry jaagt, is zelf ook aan het jagen... op hem. De pers over Over de grens 'Spannend, razendsnel en onmogelijk neer te leggen. Over de grens laat weer onweerlegbaar zien dat Connelly de meester van de

spanningsopbouw is.' Wall Street Journal 'Snel detectivewerk wordt meesterlijk ver weven met vuurwerk in de rechtszaal.' The Independent 'Bosch is bij de LAPD misschien uitgerangeerd, maar Connelly is nog steeds op de toppen van zijn kunnen als thrillerschrijver. Over de grens is een goed doordachte thriller die ingenieus en ambitieus in elkaar zit.' Washington Post Telephone Directory United States.
